

MGCP Conformance Test List

Test Purposes for Media Gateway (MG)

- **Procedures using Create Connection command (CRCX)** - Valid Behavior
- **Procedures using Modify Connection command (MDCX)** - Valid Behavior
- **Procedures using Delete Connection command (DLCX)** - Valid Behavior
- **Procedures using Audit Connection command (AUCX)** - Valid and Invalid Behavior
- **Procedures using Audit Endpoint command (AUEP)** - Valid and Invalid Behavior
- **Procedures using Notify command (NTFY)** - Valid and Invalid Behavior
- **Procedures using Notification Request command (RQNT)** – Valid and Invalid Behavior
- **Procedures using Restart In Progress command (RSIP)** – Valid and Invalid Behavior
- **Procedures using Error Handling command (EH)**– Valid Behavior
- **Procedures using Endpoint Configuration command (EPCF)** - Valid and Invalid Behavior

Test Purposes for Media Gateway Controller (MGC)

- **Procedures using Create Connection command (CRCX)** - Valid Behavior
- **Procedures using Modify Connection command (MDCX)** - Valid Behavior
- **Procedures using Delete Connection command (DLCX)** - Valid Behavior
- **Procedures using Audit Connection command (AUCX)** - Valid and Invalid Behavior
- **Procedures using Audit Endpoint command (AUEP)** - Valid and Invalid Behavior
- **Procedures using Notify command (NTFY)** - Valid and Invalid Behavior
- **Procedures using Notification Request command (RQNT)** –
- **FAX Procedures** - Valid Behavior
- **Procedures using Error Handling command (EH)**– Valid Behavior
- **Procedures using Endpoint Configuration command (EPCF)** - Valid and Invalid Behavior
